### Fresh bathroom ideas from Caesarstone®

Caesarstone® now brings fresh ideas and new levels of luxury, timeless elegance and functionality to the bathroom.

Bathrooms are one of the most important and frequently used rooms in any home. Along with the kitchen, bathrooms are such an influential room when looking to buy a new home and are often the first space to be renovated. Bathrooms need to be functional and low maintenance but also a beautiful place to relax and unwind.

When looking to renovate, Caesarstone surfaces play an important role in the bathroom with large floor to ceiling wall panel sizes giving greater design versatility and allowing the creation of clean, minimal and modern spaces with less joins.

Non-porous, durable and resistant to stains, scratches, common household chemicals, mould and mildew makes Caesarstone® ideal for wet areas in the bathroom with minimal maintenance so that your surfaces look brand new for years to come.

Caesarstone® surfaces are perfect for bathroom and shower wall panels, vanities, bath surrounds, inset shelving, shower recesses and window sills.

The specially selected colour range, includes four of the popular marble inspired Supernatural designs enabling the look of natural stone with the benefits of Caesarstone's quartz surfaces.

Caesarstone has recently unveiled a beautiful new bathroom installation at its Inner Sydney showroom in Alexandria. Combining a remarkable feature wall of Calacatta Nuvo with Frosty Carrina wall panels and Piatra Grey floor panels, this installation clearly demonstrates the minimal, clean natural look that is achievable with Caesarstone.

Completing the look of this fresh new bathroom space are modern freestanding wash vessels made entirely of Caesarstone® in Pure White and a Teuco oval free-standing 'Feel' bath from Delsa adding a touch of luxury and softness with its organic form.
